### Scrape site and display result somehow.

13h

Hey, I just offered my friend to help out in some "it things". He basically needs help automating some data gathering. Right now he logs in to a page and manually copy paste all content from the page to a csv file. This is done on …

2024: Production Node TypeScript Starter Kit?

5h

Express in 2024? Yes…, due to some constraints I am forced to use Express and not something like Hono. But should be an easy swap, looking at Hono API Every tutorial just teaches basic stuff. But I'm looking for production rea…

Raising the Cost Threshold for Parallelism (CTFP) Affects SQL Server Missing Indexes
